Support and training for disability and community sector workers

Our education and training programs can be tailored to suit the needs of those working in disability and community settings. Our staff can help you to develop skills and knowledge to assist you to provide support to a person living with epilepsy and a disability. As part of your role, you may also need to take part in training which allows you to develop an seizure management plan (SMP) and learn how more about Emergency Medication for individual clients.

SeizureSmart Disability online training is still being developed and we hope to get them online soon.
